2020 Rockstar Energy Triple Crown - Season 3

Brigden, ON - Jetwerx and MRC are excited to announce the 2020 Rockstar Energy Triple Crown Schedule, with the changing of two of the venues for the 2020 season. We are happy to welcome back Regina Motocross (MotoValley MX) as they have organized many National events at their venue and we look forward to going back to the newly updated facility. Along with a Brand NEW venue to the Series, DORVA MX in Drumheller Alberta part of the Motocross portion of the series, is known for its Dinosaur history and is about to be known for the 3rd stop on the MXTOUR schedule. You pair that with the already amazing stops on the tour and 2020 could be the best year yet.

A couple other noticeable changes to the 2020 Schedule:

- the starting of the AXTOUR series on the East Coast with round 1 being - Sarnia Ontario
- AXTOUR to conclude in Calgary, allowing to help traveling privateers and teams
- MXTOUR races on Sunday's, while still holding down a LIVE TV package

"We are excited about this upcoming year, with all NEW adventures it takes a couple of years to iron things out, and we believe that 2020 is going to be the best year by far." - Justin Thompson / CFO Jetwerx Inc.
